**NOTICE OF
WORLD WISER SPORT COMMITTEE (01/31/2013)**

Dear all leaders and players of Wiser sport teams,

Regarding some of the inquiries you made to the World Wiser Sport Committee (the Committee), we hereby provide the following replies:

The name “Wiser” contains the implied meaning of nurturing and transcending one’s wisdom into another higher level. Through playing Wiser ball, people can enhance their wisdom to an advanced and greater dimension.

As to whether the World Wiser Sport Committee has arrangements with certain people for them to teach Wiser ball with a fee, such matters are strictly between the players and teams learning to play Wiser ball. The World Wiser Sport Committee does not have such arrangements in place and will not establish rules on such matters. As to the rules for playing Wiser ball, when the elder virtuous one taught and transmitted this sport to the World Wiser Sport Committee, the complete and perfect set of rules for playing Wiser was given to the World Wiser Sport Committee, as well. All teams can follow the official set of teaching materials issued by the World Wiser Sport Committee to organize their players to learn and exercise.

There is an inquiry about whether Mr. Martin is a committee member of the World Wiser Sport Committee. Because Mr. Martin helped to build many Wiser sport teams and made a contribution to the development of the Wiser sport, the World Wiser Sport Committee already accepted him as an international committee member. In the future, any people who actively contribute to the development of the Wiser sport, achieve success, and meet the qualifications can apply to become different types of committee members of the World Wiser Sport Committee.

In addition, we would like to direct your attention to one thing. A Wiser sport team can be established as long as there are fourteen players, without any age limitation, to carry out the practice of a regular Wiser game. The leader of the team can enroll his or her team with the World Wiser Sport Committee to become an enrolled team and enrolled players. The leader of the team will become the captain of the team and will have the honor of wearing the captain's uniform. Similarly, the team's players can wear the player's uniform specified by the World Wiser Sport Committee. At the same time, the approved identification numbers will be issued to them.

Enclosed are the pictures showing the team captain's uniforms with the captain's chest emblems and the player's athletic uniforms approved by the Committee. These uniforms are the standard summer uniforms and outfits for male and female players. For each player, the outfit includes an athletic belt tied around the waist, a walkie-talkie hanging at the upper waist, a water bottle at the lower position, and a ball bag carried at the rear. Captains and players have different chest emblems. Some people added the captain's chest emblem on top of the player's chest emblem. That is incorrect and is prohibited by the World Wiser Sport Committee.

All teams and players can contact the World Wiser Sport Committee via e-mail at info@worldwisersport.org.
